Admissions Policy

Scope and Purpose of Policy

This policy is underpinned by the College vision – Inspirational, Inclusive and Influential and will support the College to work towards our key drivers of Quality, Efficiency, Growth and Wellbeing. The policy will incorporate the following principles:

- Those who access Cardiff and Vale College must be **free from discrimination**. We will provide information and guidance to all applicants and students in respect of additional learning needs, skills, tutorial and financial support and the most appropriate level and choice of study.
- Learners will be supported to **enable** them to achieve their **potential** while at College, in an environment which removes or minimises disadvantage, takes steps to meet their needs and which encourages participation.
- All applications will be dealt confidentially, within a timely manner, in conjunction with the College's calendar for Admissions.
- We will support learners to develop the skills they need to **progress** successfully throughout their lives.

The purpose of this policy is to ensure that CAVC operates a consistent and comprehensive process for admission to the College that is fair, transparent and provides equality of opportunity, whilst maintaining professional integrity.

At CAVC, we recognise the profound impact of trauma and adverse childhood experiences (ACEs) on individuals' well-being and development. We are committed to adopting a trauma-informed approach in our policies and practices to create a safe, supportive, and healing environment for all.

The Policy applies to all applicants to the College, although the extent to which all aspects of the Admissions Policy that may be applied will depend on individual course requirements. This policy applies to all students applying to or enrolling on learning programmes regardless of mode or location of study.

This policy applies to all staff who have an admissions role within the college.

The College adheres to the policies of all partners and franchise organisations where they are the lead recruiter.
