

# Equality and Diversity – Student Disclosure Policy

## Scope and Purpose of Policy

Cardiff and Vale take equality and diversity seriously. We have a diverse student body and we are committed to ensuring we have a college where everyone is treated equally and with respect. It is important that we are able to ascertain the specific requirements of students who have a disability and/or additional learning needs in a timely manner and that we are able to act on any disclosure to ensure that we can meet these needs and support each student while they are at college.

The purpose of this policy is to ensure that we have an environment which effectively encourages the disclosure of disabilities and learning difficulties, that staff are clear of their roles in relation to disclosure and that students are supported effectively to enable them to meet their personal goals while they are at college. We aim that this ethos is embedded within the College and that all staff, students and visitors are aware of the importance that we attach to behaviours that support it.

This policy applies to all students on all learning programmes regardless of mode or location of study.

### *What is disclosure?*

Equality legislation requires the College to prevent unlawful discrimination and to make reasonable adjustments for students with disabilities and learning difficulties. These adjustments are essential if such a student is to have the best opportunity to succeed while at college. Disability disclosure is when a person reveals information about a disability or learning difficulty to someone else. Under the law if this information is revealed to a member of the staff, then the College is deemed to have been formally informed.

## Policy Statements

This Policy is underpinned by several key principles:

- Students who access Cardiff and Vale College must be **free from discrimination**.
- Our students must be supported to **enable** them to achieve their **potential** while at College, in an environment which removes or minimises disadvantage, takes steps to meet their needs and which encourages participation. The wellbeing of our students is central so they feel good about themselves and respect others.
- While at College our students will develop the **skills** they need to enable them to progress successfully throughout their lives.

- A commitment to **restorative approaches** to ensure that we foster good relations by tackling prejudice and promoting understanding.
- A commitment to the **social model of disability** where we look at removing the barriers someone could face because of their disability or learning difficulty to promote inclusion.

The College is committed to:

- Supporting students with disabilities and additional learning needs in way that meets their individual needs appropriately and effectively.
- Setting up procedures to ensure that there are opportunities for a student to disclose several times during admissions, enrolment, induction and throughout their time at College.
- Setting up procedures to ensure that this information is passed on to the Disability and Dyslexia team in a consistent and timely way which maintains confidentiality. It is also important that there is clear communication between support staff and curriculum staff.
- Setting up procedures to ensure that we appropriately record details of students who refuse support after a disclosure.
- Informing the College community of these procedures; to ensure that everyone is aware of the importance of disclosure and what they should do if a student discloses.
- Promoting an understanding of disability across the College community. This will be done through training for staff, through the induction and tutorial process for students and using cross-college publicity and posters.
- Recording and monitoring disclosure to ensure that the correct procedure is being followed and that we respond effectively to any areas of concern or trends.
- Reviewing regularly the effectiveness of our policy and our response to disclosure and acting on any areas of concern.

### *Responsibilities*

Senior Management are responsible for:

- Reviewing this Policy and the attached procedures.
- Monitoring the application of the procedures, supporting staff to encourage disclosure and responding effectively to any areas of concern.
- Ensuring that relevant college procedures and practices eg admissions, tutorial etc embed the disclosure procedures.
- Ensuring that the delivery of the curriculum does not contravene the requirements or spirit of this policy.
